The Passage

From the above port rotation, 2-3 ports in Sweden are called. Changes in rotation or other ports are possible.

The panoramic trip along the skerry islands is an experience you will remember for a long time. Forested rocky islands, colourful lighthouses and beacons, typically Swedish red-white wooden houses, sailboats and motor boats form the landscape.

Beautiful sights present themselves during wintertime while sailing through the inland ice along snow-covered islands and woods.

Enjoy the smell of the woods and the marvellous sunsets in a charming landscape.

The city Vaesteros is situated on the Lake Malaren, Soedertaelje is located on the canal, which leads into the lake. Vasteros is not called at every voyage!
