The Passage

Nice trip with a containerfeeder type "Baltic Max".

During this trip, you often sail through the typical Eastern-Swedish skerry landscape, which you can actually see well only from the ship. Forested rocky islands, colourful lighthouses and beacons, holiday homes, sailing and motor boats form the landscape. Other beautiful sights present themselves during wintertime while sailing through the inland ice along snow-covered islands and woods.

Enjoy the smell of the woods or the marvellous sunsets in a charming landscape.

If the travel time is less than 13 days or more than 15 days, the respective daily rate will be reimbursed or subsequently charged.

Subject to change without notice.

Covid19 regulations:

Full Covid19 vaccination (with booster) required.
On embarkation, a rapid antigen test (self-test) will be carried out under the supervision of an officer..
