## The Passage

This trip is based exclusively on cargo availability; no specific routes can be booked.

Two bulk carriers are bookable, which were specially constructed for use on the Great Lakes in Canada and the USA.

The ships therefore mainly sail in North America, sometimes also to South America, and rarely to Europe (not regularly!).

No specific routes can be booked, only periods, which require a great deal of flexibility. Certain ports of embarkation or disembarkation cannot be specified in advance for booking purposes.

We therefore recommend a large time window of several weeks for this voyage.

Initial information on possible ports of embarkation and routes can be provided 2-4 weeks before the desired travel period.

The berthing time in the ports of call is usually several days.

**A trip for adventurous passengers with plenty of time who are interested in international tramp shipping and would like to travel on a bulk carrier.**

The duration of the trip depends on the route and the customer's wishes.

All passengers need a medical certificate.
